Dear Parents, Guardians, Teachers and Students:

In 2010, the Connecticut State Legislature passed provisions for School Governance Councils. Danbury Public Schools are mandated to form these councils in three of our schools: Danbury High School, ACE (Alternative Center for Excellence) and Stadley Rough Elementary School.

These councils are an opportunity for parents, teachers and students (at the high school level) to work together to support and improve student success.

During this spring, Danbury Public Schools will be going through the nomination and election process for each school as they form their councils. In September and October, 2011, training for council members will take place and the first council meeting will convene in November, 2011.

Attached please find an informational sheet on the council, its purpose and the members' responsibilities. I look forward to working with each council to strengthen our students' successes in education. Thank you.

Very truly yours,
