Sal V. Pascarella, Ed.D.  
Superintendent of Schools

November 4, 2009

Dear Parents,

Due to recent concerns related to the H1N1 influenza virus and the higher than normal incidence of influenza-like illness in schools, we are carefully monitoring our planned field trips across the district.

After consultation with our medical advisor we have decided to move forward with planned field trips. We ask that you carefully monitor your child for signs of illness (i.e., fever, sore throat, cough, headache) prior to the scheduled trip. If your child has any of these symptoms please keep them home from the trip and from school. They may return to school after they are symptom and fever free for 24 hours.

We will continue to monitor the impact of field trips and if the situation changes cancellations may be warranted. Although we will make every effort to provide advance notice of a cancellation this may not always be possible.

On Friday, November 6, 2009, from 4:00-7:00 p.m. the Danbury VNA will be providing H1N1 vaccinations free of charge to all interested Danbury Public School students at Danbury High School in the Seminar Room. Parental consent will be required and no advance registration is necessary.

We thank you in advance for your attention to this as we continue to partner with families to keep our students healthy in light of this challenging flu season.

Sincerely,

A handwritten signature in cursive script, appearing to read "Sal Pascarella".

Sal V. Pascarella, Ed.D.
