The Board of Education recognizes the health consequences of smoking and the use of tobacco products and the reports from various medical sources identifying health hazards for smokers and non-smokers. It is the responsibility of the Board to provide a safe and healthful environment for students and adults who use school facilities.

Smoking and the use of tobacco products by any person shall not be permitted in any school district building, school vehicle or on school property at any time, or at any time when the student is subject to the supervision of designated school personnel, such as when the student is at any school function, extracurricular event, field trip, or school related activity such as a work-study program.
