The Danbury Board of Education endorses the concept of allowing Sunday play of postponed Saturday interscholastic athletic events as required under the following conditions:

1. The Saturday postponement must be due to severely adverse weather conditions.
2. Principals of the two competing schools must agree to Sunday play of a postponed Saturday athletic event.
3. No Sunday athletic events may start before 1:30 pm
4. A postponed Friday night athletic event may be played on Sunday only if a site is not available on Saturday, or if severely adverse weather conditions exist on Saturday.
5. The decision will be made by the school principal, in consultation with the Superintendent of Schools, before contact is made with the school principal of the competing school.
