The Danbury Board of Education will, in a manner not inconsistent with Section 10-186 of the Connecticut General Statutes, furnish, by transportation or otherwise, school accommodations so that each child over 5 and under 21 years of age who resides within the jurisdiction of the Board and is not a graduate of high school or vocational school (or who is not otherwise legally excluded from school) may attend the public schools maintained by the Board pursuant to Section 10-220 of the Connecticut General Statutes.

Nothing in this policy statement will exclude such transport services for students in non-profit private schools (Section 10-281 of Connecticut General Statutes) and vocational students who are residents and attending a State school (Section 10-97 of Connecticut General Statutes).

It shall be the responsibility of the Superintendent of Schools or his designee to administer this policy pursuant to Section 10-186 of the Connecticut General Statutes and the guidelines approved by this Board.

School transportation services are provided exclusively for the benefit and safety of the student population, and are to be used only in support of programs authorized by and under the auspices of the school Board.
